02:00

Session III

**The Future of Development Projects in Tech Infrastructure and Energy Sectors:
Investment Opportunities**

The session will discuss the future of development projects to establish smart infrastructure, showcasing the recent unprecedented buildout of the Egyptian digital infrastructure. Egypt has served as a model for other African cities as it has established several smart cities in accordance with the latest international infrastructure standards.

The session also offers opportunities to strengthen the smart infrastructure across Africa and the Arab world, mechanisms to create strong partnerships with specialized Egyptian companies to enhance their ability to capture giant projects abroad. It will also focus on the importance of energy and electricity projects in opening the gate to promote economic cooperation between Egypt and Africa.

Speakers:

- H.E Mr. Didier Budimbu Ntubuanga, Minister of Hydrocarbons, the Democratic Republic of Congo (DRC)
- Mr. John Kanyoni, CEO, Egyptian African Arab Co. for Development (EGAAD) Congo Office / Vic President of Chamber of Mines, the Democratic Republic of Congo (DRC) / Managing Director, Tembo Power
